

CURRICULUM VITAE

Project Manager.

SURNAME: Mustafayeva

FIRST NAME(S): Gulzar Aligeydar g

Date and place of birth:

12/12/1958, Azerbaijan, Baku

Affiliation and official address: Laboratory of Introduction of Useful Insects and Principles of Biological Control, Institute of Zoology, Azerbaijan National Academy of Sciences, 370073, pr.1128, bl.504, Baku

Phone: (994 12) 539 73 39

Web.Site - www.scientists-farmers.com

Phone: (+994 12) 539 73 39

E-mail: zoolog88@mail.ru, mustafazadeh2006@mail.ru

Education

1976-1982 – Azerbaijan State University

1990 - Candidate of biological sciences (PhD)

2016 - Doctor of Biological Sciences.

Career / Employment

1981 – 1993 - chief assistant Laboratory of Introduction and acclimatization of useful insects, Institute of Zoology, Azerbaijan National Academy of Sciences; Since 1993 up to 2015 – Senior research worker in the Laboratory of Introduction of Useful Insects and Principles of Biological Control, Institute of Zoology, Azerbaijan National Academy of Sciences

Since 2015 up to now – Head Laboratory of Introduction and acclimatization of useful insects, Institute of Zoology, Azerbaijan National Academy of Sciences; Current Position: The chief Social union “Assistance to relations between scientists and farmers”

Full Address for Correspondence: AZ 1073, Baku, Azerbaijan Social union “Assistance to relations between scientists and farmers”

Bakixanov - 4090/94, 1/5, 81

Phone: +994 55 599 70 76; +994 12 455 64 97

Institute of Zoology, Azerbaijan National Academy of Sciences, 370073, pr. 1128, bl. 504.

Languages: Azeri, Russian, English (transfer with the dictionary).

Member of the Zoologists Society of Azerbaijan.

Grants Funded

1. The project "Study and development of quail-breeding in south-eastern part of Azerbaijan" on the support has been financed by the Eurasian foundation (USAID) 2003, Project NGO "Society of the Azerbaijan Zoologists" (6 months) Project Manager.

2. The project "The ecological education of the farmers in Guba-Khachmaz" by the UNDP (UNOPS) organization. Project Institute of Zoology, 2006 -2007 (8 months) Project Manager.

3. The project "Quail-farming is alternative livelihoods for rural communities and one of methods of Hyrcan relic forests saving" CEPF grant. NGO "Ecology and Conservation of Birds", 2006-2007. Project Manager.

4. Travel grant The U.S. Department of State's Bio Industry Initiative (BII) 04-08 November 2007 International Annual Meeting I American Association of Agronomy, Crop Science Society of America and Soil Science Society of America - New Orleans, Louisiana, USA. NGO "Assistance to relations between scientists and farmers" Social union and Institute of Zoology Azerbaijan National Academy of Sciences.

5. The project "They need our help (Rare and disappearing kinds of insects Lenkaran zone of Azerbaijan)" by the UNDP (UNOPS) organization. Project Institute of Zoology NAS of Azerbaijan (2010). Project Manager.

6. The project "Restoration and development of saffron breeding in Absheron - as the basis of maintenance of endangered species" by the UNDP (UNOPS) organization. Project NGO "Assistance to relations between scientists and farmers social union (2010)". Participant.

7. State support Non Governmental organizations under the President of the Republic of Azerbaijan "Role of biological control and ecological education of the peoples in environment protection and ecology" 2013. Project Manager.

8. The project "Influences of technogenic radionuclides and insecticides on entomophages Coccoidea in the North East of Azerbaijan" STCU. 2014. Project Manager.

Publications

1. Mustafayeva G.A. Aphelinids (Hymenoptera, Aphelinidae) of the Eastern Azerbaijan (fauna, ecology and economical importance). Author's abstract. 1990,

25 p.

2. Yasnosh V.A., Mustafayeva G.A. New parasite of a scale *Lepidosaphes granati* Kor. *Coccobius granati* sp.n. (Hymenoptera, Aphelinidae) // Zoological magazine, volume 71, вып. 2nd "Science" Moscow, 1992, p.142-144.

3. Rzaeva L.M., Mustafayeva G.M. Using of entomophages of Lindorus in the biological control // News of AS of Azerbaijan SSR, Baku, 1995, № 1-6, p. 58-60.

4. Mustafayeva G.A., Mamedova G.A. Aphelinids (Hymenoptera, Aphelinidae) – parasites of scales in Absheron // Jurnal Azerbaijan Agricultural science, 1999; 3-4, p.66-69.

5. Mustafayeva G.A. *Carulaspis minima* and its entomophages insects in Absheron // Ecology, Philosophy, Culture. Collection of scientific articles. Baku, 2001, p.140-143.

6. Mustafayeva G.A. *Leucaspis pusilla* and its entomophages insects in Absheron. // Ecology, Philosophy, Culture. Collection of scientific articles. Baku, 2001, p.145-149.

7. Mustafayeva G.A. The parasites of scales-aphelinids (Hymenoptera, Aphelinidae) /Chemical-biological sciences and current problems of education. Pr. Scient. conf. Baku, 2001, p.150-152.

8. Rzaeva L.M., Mustafayeva G.A. *Sphaerolecanium prunastri* Fonsc, *Parthenolecanium persicae* F. and their entomophages insects in Absheron //Jurnal Bilgi. Baku, 2001, № 3. p. 73-77.

9. Mustafayeva G.A. *Diaspidiotus caucasicus* Bor. And its entomophages insects in Absheron /Studying and protection of animal world in XX century. Pr. Conf. Devoted to 80 jubilee of academician M.A.Musayev. Baku, 2001, p.182-184.

10. Mustafayeva G.A. Zoogeographical characteristic of the aphelinids distributed in Eastern Azerbaijan //Jurnal Bilgi, 2002, № 3, p. 86-88.

11. Mustafayeva G.A. “Zonal distribution of Aphelinidae of East of Azerbaijan”. //Journal of ecology, philosophy, cultural scientific articles. Baku, 2003, p. 356-359.

12. Mustafayeva G.A. Dangerous plant pest as *Pseudaulacaspis pentagona* Targ-Tozzetti and its entomofages in Lenkoran zone //Journal of ecology, philosophy, cultural scientific articles. Baku, 2003, p. 92-95.

13. Mustafayeva G.A., Mammadli G.S. The diaspid (Homoptera, Diaspididae) in Lenkoran zone and their parasites and preys /Materials of I Congress of Azerbaijan Zoologist Society. Baku, 2003, p. 236-242.

14. Mustafayeva G.A. Aphelinidae diffused in East of Azerbaijan (Hymenoptera, Aphelinidae) and their owners //News of Azerbaijan AS., 2003, № 5-6, p.70-75.

15. Mustafayeva G.A. The fauna aphelinids (Hymenoptera, Aphelinidae) – parasites of whiteflies, aphids and coccids in Eastern Azerbaijan//News of Azerb.AS. 2004, № 1-2,p. 91-101.

16. Mustafayeva G.A. *Diaspidiotus ostreaformis* (Gurt) and their entomophages in Guba-Khachmaz zone of Azerbaijan /The materials of “Forest ecosystem of Azerbaijan” scientific-practice congress, Baku, 2004, p. 187-191.

17. Mustafayeva G.A. Rose scale - *Aulacaspis rosae* (Bouche) and its parasites under conditions of Lenkoran zone of Azerbaijan//J. Bilgi. Baku, 2004, № 6, p. 38-41.

18. Mustafayeva G.A. Mussel scale (*Lepidosaphes ulmi* L.), its parasites and predator under conditions of a Guba-Khachmaz zone of Azerbaijan//J.Bilgi. Baku, 2004, № 4, p. 64-68.

19. Offer: The application of prey insects of *Rhyzobius lophanthae* against to biological struggle with clypeate Aphelinidae / "The role of Azerbaijan Scientifics in social-economic growth", scientific-practice congress (information form), Baku, 2005.

20. Mustafayeva G.A. Citrus fruit of Lenkoran (Azerbaijan) in danger. / Integrated Control in Citrus Fruit Crops Lisbon (Portugal), 26- 27 September 2005, p.79-80.

21. Mustafayeva G.A. Zoogeographical characteristic of the aphelinids distributed in Azerbaijan/Symposium of the countries of CIS. September 26-29, 2006, Russia, Moscow, p. 61.

22. Mustafayeva G.A., Eyyubova S.A. Laboratory cultivation and use the aphelinids against of scales / Symposium of the countries of CIS. September 26-29, 2006, Russia, Moscow, p.62.

23. Mustafayeva G.A. *Parlatoria oleae* Colvee and *Aspidiotus nerii* Bche and their entomophages them in the Botanical Garden Azerbaijan National Academy of Sciences/Donetsk Botanical Garden National Academies of Sciences of Ukraine International Scientific conference "Introduction and protection of plants in botanical gardens", September 5-7, 2006, p. 357-363.

24. Mustafayeva G.A. About two kinds aleurodidae harming to planting in the Botanical Garden Azerbaijan National Academy of Sciences /Donetsk Botanical Garden National Academies of Sciences of Ukraine International Scientific conference "Introduction and protection of plants in botanical gardens" ,september 5-7, 2006, p. 354-357.

25. Rzayeva L.M, Mustafayeva G.A., Ismailova G.A. Coccoidea (Hemiptera) of the Apsheronian peninsula and use against them of predators /Donetsk Botanical Garden National Academies of Sciences of Ukraine International Scientific conference "Introduction and protection of plants in botanical Gardens", september 5-7, 2006, p. 381-385.

26. Mustafayeva G.A. Biological control of diaspidis (Homoptera) with coccinellid – *Rhyzobius*

lophanthae

Baisd (Coleoptera) in Azerbaijan. / Materials of the fourth international Conference on Science and Business. Nano Bio and related new and 2 perspective Biotechnologies. Moscow, 2007, p. 214-215.

27. Mamedov Z.M., Mustafayeva G.A., Mirzoeva N.B. Scientific-popular brochures: "Integrated struggle against pests – what we know about it?" Baku-2007, 48 p.

28. Mamedov Z.M., Mustafayeva G.A., Mirzoeva N.B. Scientific-popular brochures "Harm of the chemical struggle", Baku, 2007, 33 p.
